## Volume IV Appendices

<b>Forestry Assessment</b> .....	<b>4.1</b>
Introduction .....	1
Legislation and Policy Context .....	1
Forestry Study Area and Site Description .....	3
Forest Plans .....	3
Methodology - Development of the Wind Farm Forest Plan .....	3
Baseline Conditions .....	3
Wind Farm Forest Plan .....	5
Requirement for Compensatory Planting .....	8
Forestry Management Practices .....	8
Summary .....	8
Figure 4.1.1 Baseline Felling Plan .....	9
Figure 4.1.2 Baseline Restocking Plan .....	10
Figure 4.1.3 Wind Farm Felling Plan .....	11
Figure 4.1.4 Wind Farm Restocking Plan .....	12
<b>CRM for Peregrine</b> .....	<b>9.1</b>
<b>CRM for Merlin</b> .....	<b>9.2</b>
<b>CRM for Hen Harrier (non-breeding)</b> .....	<b>9.3</b>
<b>Pencloe Wind Farm Peat Survey Report</b> .....	<b>10.1</b>
Introduction .....	1
Methodology.....	2
Summary.....	5
Annex A.....	6
Figure 10.1.1 Depth of Penetration at Probing Locations .....	27
Figure 10.1.2 Estimated Peat Depth .....	28
<b>Outline Peat Management Plan</b> .....	<b>10.2</b>
Introduction .....	1
Objectives .....	3
Structures.....	3
Legislation, Policy and Guidance for Peat Management .....	3
Peat Conditions.....	5
Avoidance and Minimisation of Peat Disturbance .....	11
Excavation and Reuse Volume Estimates and Reuse Requirements .....	12

---

Handling Excavated Materials .....	20
Reuse of Peat in Infrastructure and Borrow Pit Restoration .....	22
Conclusions.....	24
Figure 10.2.1 .....	25
<b>Water Crossing Inventory.....</b>	<b>10.3</b>
<b>Noise Tables and Graphs .....</b>	<b>12.1</b>
<b>Construction Management Strategy .....</b>	<b>13.1</b>
Introduction.....	1
Construction Impacts.....	3
Construction Traffic Management Strategy.....	8
<b>Afton Road Improvements .....</b>	<b>13.2</b>
<b>Turbine Component Delivery Route Assessment .....</b>	<b>13.3</b>
Introduction.....	1
Assessment of Delivery Routes .....	2
Conclusion.....	8
Annex A Figure.....	9
Annex B Turbine Tower Details .....	11
Annex C Blade Swept Path Drawings Route 1A.....	13
Annex D Network Rail Email .....	33
Annex E FTW300/500 Details .....	39
Annex F Tower Swept Path Drawings Route 1A .....	48
Annex G Blade Swept Path Drawings Route 1B .....	55
Annex H Blade Swept Path Drawings Route 2 .....	64
<b>Payback Time and CO<sub>1</sub> Emissions .....</b>	<b>16.1</b>
